

1. Understand the Benefits of Chartering a Bank for Block of the Future
Chartering allows your platform to:

Offer innovative blockchain-based financial products like loans, credit cards, and smart-contract-enabled savings accounts.

Gain access to the Federal Reserve's discount window, enabling efficient liquidity management for your blockchain-integrated operations.

Boost credibility by operating as a fully licensed financial institution, making it easier to secure investments and partnerships to grow your customer base.

Expand revenue opportunities beyond traditional services, leveraging blockchain mining and customer interaction layers.

2. Position Block of the Future for Charter Approval
Here's how to position your platform effectively:

Business Plan:

Outline the unique services powered by your three-layer blockchain model (Admin, Mining, and Customer levels).

Include projections for revenue growth based on mining incentives and transaction processing fees.

Highlight marketing strategies to onboard tech-savvy customers and financial institutions looking for blockchain solutions.

Assemble Your Team:

Hire blockchain experts, banking professionals, legal advisors, and compliance specialists to ensure your platform meets technical and regulatory standards.

Capitalization Plan:

Secure capital through blockchain-backed investments, partnerships, or private funding rounds.

Showcase how your mining layer generates steady revenue and how funds are reinvested in platform scalability.

Community Support:

Partner with local businesses and organizations to demonstrate the demand for blockchain-based financial services.

Highlight the benefits your platform can bring to communities, such as innovative payment solutions and economic opportunities through mining incentives.

3. Submit a Charter Application to the FDIC

Tailor your application to reflect your platform's strengths:

Include your business plan with emphasis on blockchain integration for secure transactions and customer empowerment.

Provide a clear capitalization plan showing how mining revenues and private investments sustain operations.

Share an organizational chart, highlighting your team's blockchain expertise and banking experience.

Prepare résumés of key personnel, such as blockchain architects, compliance officers, and financial executives.

Obtain state and federal permits for operating as a blockchain-driven bank.

Demonstrate how your platform fits market conditions by showing the growing interest in blockchain-based financial services.

Final Thoughts

This is an ambitious project, but Block of the Future has the potential to redefine banking by leveraging blockchain technology. Let me know if you'd like help drafting specific sections of the application, such as the business plan or financial projections, or guidance on forming partnerships. We're taking the first steps toward innovation! 🚀 Highlight your unique three-layer blockchain model (Admin, Mining, and Customer levels) and its innovative applications in financial services.

Showcase how mining incentives and blockchain integration create sustainable revenue streams.

Explain your approach to serving customers securely and efficiently with cutting-edge blockchain technology.

Capitalization Plan:

Provide a detailed breakdown of funding sources, such as investments from blockchain-based projects or partnerships.

Emphasize how the platform's mining layer contributes to steady revenue generation.

Financial Projections:

Include projections for income from transaction fees, mining operations, and customer subscriptions.

Highlight scalability as more users adopt blockchain technology.

Product Offerings:

Detail the services you plan to offer, such as secure transactions, blockchain-based loans, credit cards, and smart-contract-powered savings accounts.

Marketing Strategy:

Target customers interested in technology-driven financial solutions and blockchain adoption.

Include partnerships with tech-focused communities and businesses to attract early adopters.

Organizational Chart:

Illustrate your leadership structure, including experts in blockchain development, finance, and compliance.

List of Directors and Officers:

Provide details about your leadership team, showcasing their experience in banking, blockchain, and technology.

Résumés of Key Personnel:

Highlight the expertise of blockchain architects, compliance officers, and financial executives who will drive the platform forward.

Detailed Description of Your Banking Experience:

Showcase how your team's experience aligns with regulatory requirements and customer needs in a blockchain-driven financial ecosystem.

List of State and Federal Permits and Licenses:

Include all required documents for compliance, such as money transmitter licenses and blockchain-related certifications.

Position Blocks of the Future for Approval

Demonstrate the need for a blockchain-driven bank in your chosen market by showcasing how it solves existing problems and offers unique benefits.

Highlight how your platform addresses economic challenges in your area with innovative blockchain solutions.

Finalizing Your Application

The application process typically takes six to nine months, so patience and continuous refinement are essential. As you await a decision from the FDIC, focus on:

Strengthening your team with additional blockchain and compliance experts.

Finalizing technical infrastructure to demonstrate readiness.

Engaging local businesses and community leaders to support your platform

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 33-3086888. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

- * Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you. You may give a copy of this document to anyone asking for proof of your EIN.
- * Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
- * Refer to this EIN on your tax-related correspondence and documents.
- * Provide future officers of your organization with a copy of this notice.

Your name control associated with this EIN is THEB. You will need to provide this information along with your EIN, if you file your returns electronically.

Safeguard your EIN by referring to Publication 4557, Safeguarding Taxpayer Data: A Guide for Your Business.

You can get any of the forms or publications mentioned in this letter by visiting our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions about your EIN, you can contact us at the phone number or address listed at the top of this notice. If you write, please tear off the stub at the bottom of this notice and include it with your letter.

Thank you for your cooperation.

Keep this part for your records.

Adjust financial projections with real-world user data from platform testing phases.

Incorporate ongoing mining rewards into revenue streams for precise profitability analysis.

1. Understand the Benefits of Chartering a Bank for Block of the Future
Chartering allows your platform to:

Offer innovative blockchain-based financial products like loans, credit cards, and smart-contract-enabled savings accounts.

Gain access to the Federal Reserve's discount window, enabling efficient liquidity management for your blockchain-integrated operations.

Boost credibility by operating as a fully licensed financial institution, making it easier to secure investments and partnerships to grow your customer base.

Expand revenue opportunities beyond traditional services, leveraging blockchain mining and customer interaction layers.

2. Position Block of the Future for Charter Approval
Here's how to position your platform effectively:

Business Plan:

Outline the unique services powered by your three-layer blockchain model (Admin, Mining, and Customer levels).

Include projections for revenue growth based on mining incentives and transaction processing fees.

Highlight marketing strategies to onboard tech-savvy customers and financial institutions looking for blockchain solutions.

Assemble Your Team:

Hire blockchain experts, banking professionals, legal advisors, and compliance specialists to ensure your platform meets technical and regulatory standards.

Capitalization Plan:

Secure capital through blockchain-backed investments, partnerships, or private funding rounds.

Showcase how your mining layer generates steady revenue and how funds are reinvested in platform scalability.

Community Support:

Partner with local businesses and organizations to demonstrate the demand for blockchain-based financial services.

Highlight the benefits your platform can bring to communities, such as innovative payment solutions and economic opportunities through mining incentives.

3. Submit a Charter Application to the FDIC

Tailor your application to reflect your platform's strengths:

Include your business plan with emphasis on blockchain integration for secure transactions and customer empowerment.

Provide a clear capitalization plan showing how mining revenues and private investments sustain operations.

Share an organizational chart, highlighting your team's blockchain expertise and banking experience.

Prepare résumés of key personnel, such as blockchain architects, compliance officers, and financial executives.

Obtain state and federal permits for operating as a blockchain-driven bank.

Demonstrate how your platform fits market conditions by showing the growing interest in blockchain-based financial services.

Final Thoughts

This is an ambitious project, but Block of the Future has the potential to redefine banking by leveraging blockchain technology. Let me know if you'd like help drafting specific sections of the application, such as the business plan or financial projections, or guidance on forming partnerships. We're taking the first steps toward innovation!  Highlight your unique three-layer blockchain model (Admin, Mining, and Customer levels) and its innovative applications in financial services.

Business Plan for Blocks of the Future Banking Platform

Executive Summary

Blocks of the Future will revolutionize the financial services industry with a groundbreaking three-layer blockchain model that integrates:

Admin Level: Overseeing regulatory compliance, fraud detection, and system management.

Mining Level: Supporting blockchain transactions with incentivized mining rewards.

Customer Level: Offering secure access to a unified portfolio across fiat currencies, cryptocurrencies, equities, and alternative investments.

Our goal is to provide total financial control to users worldwide, combining traditional banking services with cutting-edge blockchain technology to foster financial inclusion, democratization, and sustainable growth.

Capitalization Plan

Initial Funding:

Private Investors: Targeting blockchain-focused venture capitalists and fintech enthusiasts for early funding.

Crowdfunding Campaigns: Launching campaigns through platforms like Kickstarter to engage the tech-savvy community.

Revenue Streams:

Transaction Fees:

Customer transactions generate revenue based on competitive fee structures.

Mining Rewards:

The proprietary mining system incentivizes validators, creating sustained revenue.

Subscription Fees:

Premium features such as advanced analytics, AI insights, and priority customer service will drive additional revenue.

Reserves:

Expansion Goals:

Allocate reserves for scaling operations globally and introducing advanced technologies like DeFi.

Regulatory Compliance:

A significant portion reserved for legal and licensing expenses.

Financial Projections

Year	Revenue	Expenses	Profit Margin
Year 1	\$10M	\$7M	30%
Year 3	\$30M	\$20M	33%
Year 5	\$100M	\$60M	40%

Product Offerings

Customer Level:

Blockchain-based savings accounts, loans, and credit cards integrated with real-time alerts.

Advanced budgeting tools and cryptocurrency trading features.

Proprietary token utility through BKT and BKC for internal and external transactions.

Mining Level:

Reward systems for validating blockchain transactions.

Staking services for BKT/BKC tokens that encourage user participation and enhance network security.

Admin Level:

Fraud detection algorithms powered by machine learning.

Tools for risk management and regulatory compliance oversight.

Marketing Strategy

Target Audience:

Tech-Savvy Users: Attract early adopters of blockchain technology.

Unbanked Populations: Offer accessible financial solutions to underserved communities.

Global Investors: Provide opportunities for diversification across international markets.

Campaigns:

Blockchain Awareness: Use social media and influencer partnerships to highlight your platform's unique features.

Community Events: Host educational seminars, webinars, and localized initiatives to build trust and familiarity.

Partnerships: Collaborate with financial institutions, merchants, and technology providers to enhance platform credibility.

Organizational Chart

Leadership Team:

CEO: Experienced fintech innovator with expertise in blockchain integration.

CTO: Specialized in blockchain architecture and cryptography.

CFO: Veteran in corporate finance and investment banking.

Development Team:

Blockchain engineers, AI specialists, and front-end/back-end developers.

Advisory board with professionals from finance, technology, and law sectors.

Directors and Officers

Detailed profiles will showcase leadership experience in financial services, technology, and compliance, with résumés emphasizing contributions to major fintech or blockchain projects.

Banking Experience

Highlighting collective experience:

Blockchain development and integration for financial applications.

Expertise in compliance with regulations such as PCI DSS, AML/KYC.

Successful development of proprietary cryptocurrency systems (BKT and BKC).

State and Federal Permits and Licenses

Include:

Money transmitter licenses.

Blockchain certifications to align with state and federal requirements.

Proof of PCI DSS compliance for secure payment processing.

Next Steps

Assemble additional compliance and blockchain specialists for regulatory readiness.

Finalize infrastructure to meet scalability demands and ensure platform security.

Engage local businesses and community leaders to secure advocacy and endorsements.

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 33-3086888. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

- * Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you. You may give a copy of this document to anyone asking for proof of your EIN.
- * Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
- * Refer to this EIN on your tax-related correspondence and documents.
- * Provide future officers of your organization with a copy of this notice.

Your name control associated with this EIN is THEB. You will need to provide this information along with your EIN, if you file your returns electronically.

Safeguard your EIN by referring to Publication 4557, Safeguarding Taxpayer Data: A Guide for Your Business.

You can get any of the forms or publications mentioned in this letter by visiting our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions about your EIN, you can contact us at the phone number or address listed at the top of this notice. If you write, please tear off the stub at the bottom of this notice and include it with your letter.

Thank you for your cooperation.

Keep this part for your records.
